Faculty 07
Business Studies and Economics

Welcome to the

Master's Program

Management Information Systems

(M.Sc.)

at the
Faculty of Business Studies and Economics

The Faculty of Business Studies and Economics welcomes the MIS freshmen 2023

Prof. Dr. Julia Kensbock

Professor for Management and
Organization in the Digitized Society

Prof. Dr. Benjamin Mueller

Professor for Digital Business,
especially Management of Digital
Transformations

Dr. Katharina Liebscher

Student Advisor at the Faculty's
Study Center

GERMANY

Germany and digitalization: Why can't Europe's richest country get up to speed?

Chancellor Angela Merkel's digital adviser has called for far-reaching reforms to help catch up with the US, China and others, saying the division of power enshrined in the constitution is hampering much-needed progress.

„Ich nichts“ Wie Deutschland die Digitalisierung aktiv behindert

Behrhaltung, die Digitalisierung behindert, und warum der Staat alle Grundlagen für das Programmieren enthält.

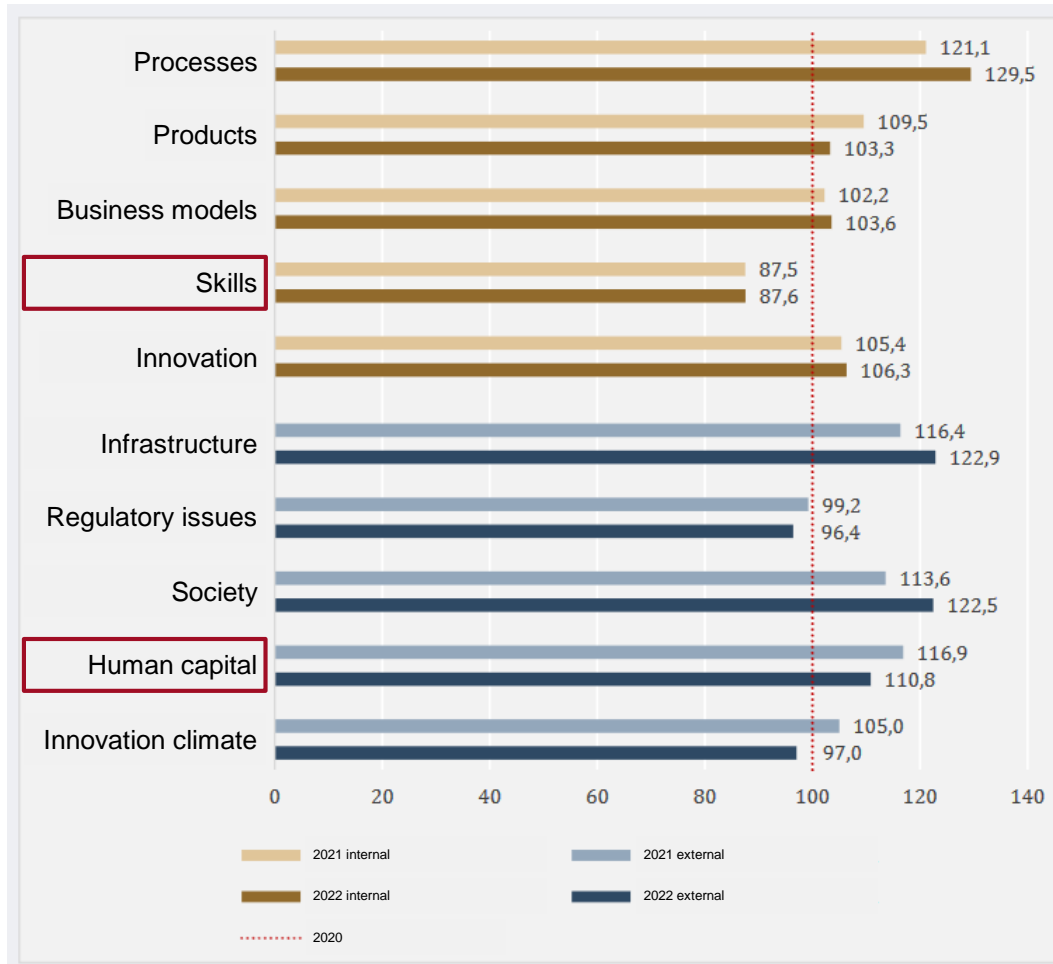

Ein Essay von Michael Resch
14.09.2022, 13:06 Uhr

What we are looking for in digitalization

- Corporations seek to optimize their inner workings through **process digitalization**
- Many still need to do their “**digital homework**” before their can move on to more exciting **digitalization opportunities**

Are we making any progress?

- Internal **digital enablement** of corporations is making progress
- The **technical infrastructure** is also evolving
- But, many corporations are struggling with the necessary **upskilling** of their workforce

Wo sehen Sie derzeit die größten Herausforderungen in Ihren Initiativen?

Student Council (StugA)

1 Introduction of the Faculty

→ Institutions at the faculty

- Subject library
- Office for International Affairs
- Office for Practice and Transfer
- Study Center

→ Features of the study programs

- Info sessions and platform
- Digitalization in teaching
- Course management system Stud.IP
- Quality management system (e.g. evaluations)

1 Introduction of the Faculty

Organization of MIS program

Management Information Systems (M.Sc.) is offered jointly by the Faculties of

- Business Studies and Economics (Faculty 7 // in charge of administration of program)
- Mathematics and Computer Sciences (Faculty 3)

Organization:

- The program organization is governed by the „Joint Decision-making Committee“ (**GbA**) consisting of representatives from both faculties
- Examination issues are decided on by the **Examination Board**

1 Introduction of the Faculty

Organization of MIS program

Current members of the GbA:

Professors

- Prof. Dr. Benjamin Müller (chair, Fac. 7)
- Prof. Dr. Julia Kensbock (Fac. 7)
- Prof. Dr. Ute Bormann (Fac. 3)
- Prof. Dr. Andreas Breiter (Fac. 3)

Research Assistants

- Dr. Bastian Kordyaka (Fac. 3)

Students

- Jethro Bartel (undergrad)

Current members of the Examination Board:

Professors

- Prof. Dr. Julia Kensbock (chair, Fac. 7)
- Prof. Dr. Andreas Breiter (vice chair, Fac. 3)
- Prof. Dr. Ute Bormann (Fac. 3)
- Prof. Dr. Thorsten Poddig (deputy, Fac. 7)

Research Assistants

- Dr. Bastian Kordyaka (Fac. 3)

Students

- Jethro Bartel (undergrad)

→ → Master's students needed ← ←

2 Study Structure and Contents

2.1 Structure

Structure of all consecutive master's programs

- Scope: 4 semesters, fulltime, 120 CP
- Specialization (majors / projects)
- Degree qualifies to enter a PhD program

Basic goals and principles of the master's programs

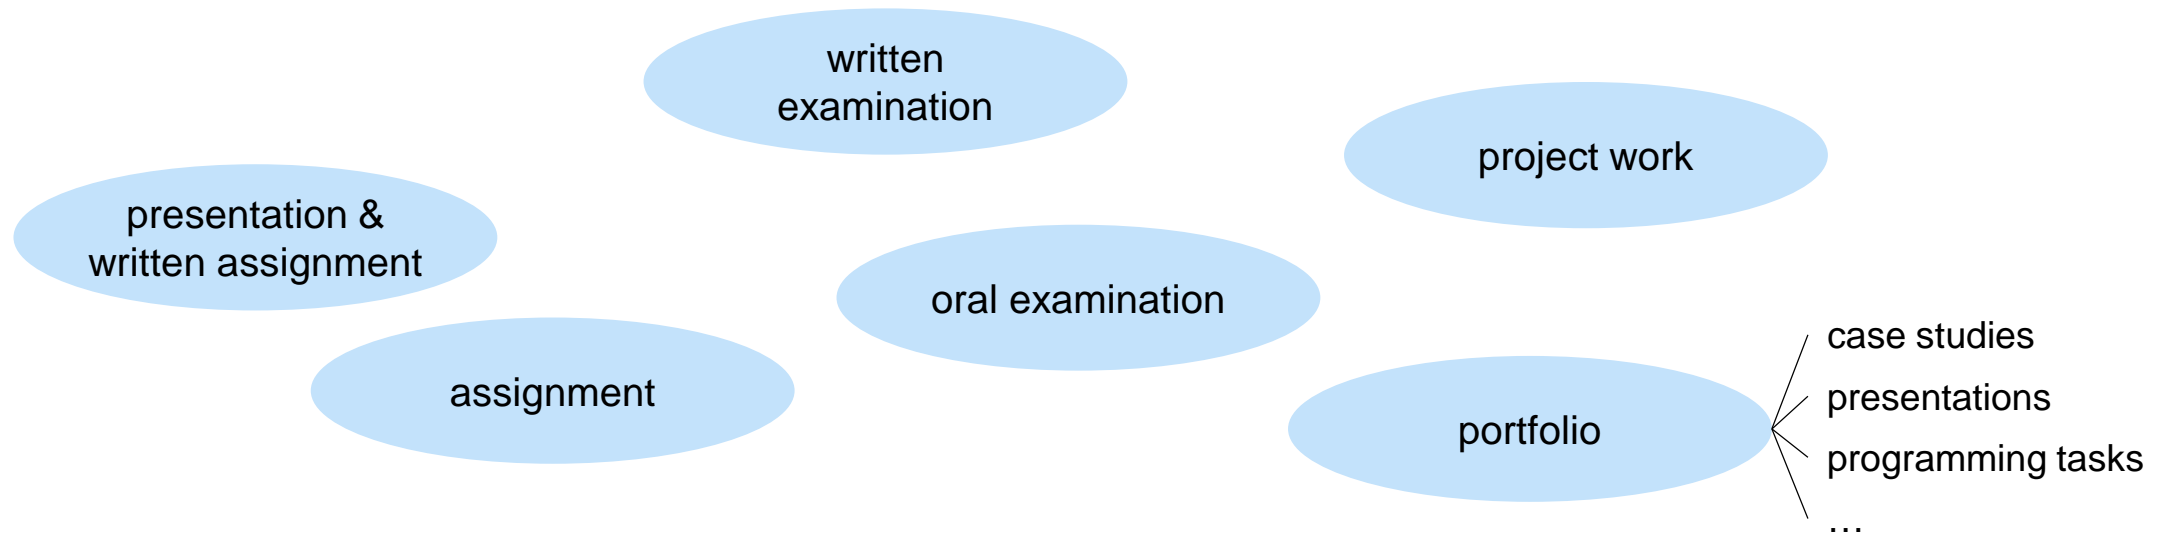

- Electives during the whole course of studies
- Promoting independent student work
- Developing project management skills and working under time pressure
- Encouraging presentation skills and academic discourse
- Developing the ability to work in groups

2 Study Structure and Contents

2.1 Structure

Examinations

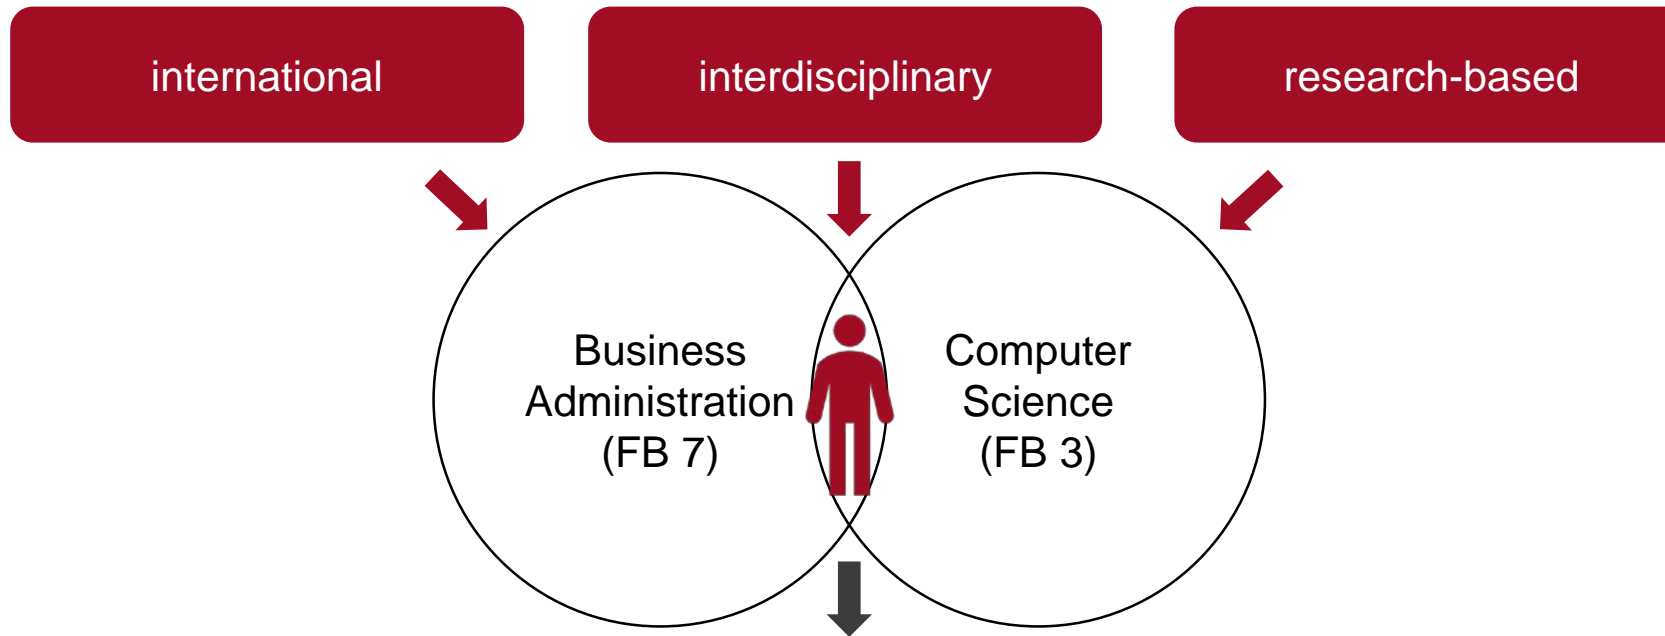

→ Various forms of examinations

→ Group examinations possible in addition to individual examinations

2 Study Structure and Contents

2.1 Structure

You will be able to...

- ... play a mediating role in the digital transformation of business society
- ... identify and understand the perspectives of users and business leaders
- ... develop business information systems yourself
- ... continue an academic career

2 Study Structure and Contents

2.1 Structure

Management Information Systems

- Basic theoretical concepts (Information Systems & Organisation Studies)
- Methodological tools (quantitative and qualitative)

Managing Digital Innovation

- Business implications of digital technologies
- Organisational consequences and technology design options

Computer Science

- Strategic and operative processes of IT management
- Management of software projects

2 Study Structure and Contents

2.1 Structure

		Management Information Systems, 48 CP			Managing Digital Innovation, 18 CP		Computer Science, 18 CP		Master Thesis, 30 CP	General Studies Area, 6 CP	∑ 120 CP ↓
		mandatory, 24 CP		compulsory elective, 24 CP	mandatory		mandatory		mandatory	elective	
1 st year	1 st semester	6 CP	6 CP		6 CP	6 CP	6 CP				30 CP
	2 nd semester	6 CP	6 CP		6 CP		6 CP	6 CP			30 CP
2 nd year	3 rd semester			Project 24 CP						6 CP	30 CP
	4 th semester								Master Thesis 30 CP		30 CP

→ No classical majors, but specialization possible through elective and compulsory elective modules, esp. the choice of the project in the 3rd semester

→ Current course offerings are listed in the Module Manual (homepage Faculty 7) and in the university's course catalog (at: Faculty 7 → Management Information Systems)

2 Study Structure and Contents

2.1 Structure

		Management Information Systems, 48 CP		Managing Digital Innovation, 18 CP		Computer Science, 18 CP		Master Thesis, 30 CP	General Studies Area, 6 CP	∑ 120 CP ↓
		mandatory, 24 CP		compulsory elective, 24 CP	mandatory		mandatory		mandatory	elective

	2 nd semester	MIS-3, Methods and Theories in Information Systems Research, 6 CP	MIS-4, Academic and Professional Practice, 6 CP		MIS-MDI-3, Digital Innovation, 6 CP		MIS-INF-2, Computer Science for Management Information Systems, 6 CP	MIS-INF-3, Special Topics in Computer Science for Management Information Systems, 6 CP		30 CP
2 nd year	3 rd semester			Project-A oder Project-B oder Project- C , 24 CP					6 CP	30 CP
	4 th semester							MIS-MA, Master Thesis, 30 CP		30 CP

2 Study Structure and Contents

2.2 Study Sections

→ Section **Management Information Systems (MIS)**: 24 CP

- offered jointly by the participating faculties 03 & 07
- students acquire the theoretical concepts and methodological tools fundamental to MIS
- four modules including various theoretical foundations in the fields of information systems and organization studies, qualitative and quantitative methods for the study of information systems and transformation processes in the context of organizations, as well as a transfer module on the professional and academic practice of information systems research
- Module responsibility: Professors Kensbock, Müller & Breiter

MIS-1
Information and
Organisation

MIS-2
AI & Computational
Management Information
Systems

MIS-3
Methods and Theories in
Information Systems
Research

MIS-4
Academic and Professional
Practice

2 Study Structure and Contents

2.2 Study Sections

→ Section **Managing Digital Innovation (MDI)**: 18 CP

- deals with the business implications of digital technologies
- includes, amongst others, the module "Management and Organization", which illustrates the organizational consequences of digital technology for organizations
- offered by lecturers from Faculty 07 (Business Studies and Economics)
- three modules including topics on organization, innovation and change
- Module responsibility: Professors Kensbock & Müller

MIS-MDI-1
Management and
Organisation

MIS-MDI-2
Managing Technological
Change

MIS-MDI-3
Digital Innovation

2 Study Structure and Contents

2.2 Study Sections

→ Section **Computer Science (INF)**: 18 CP

- Focus on research into the transformation processes in organizations caused by digitization
- Mandatory module: "IT Management", which deals with the strategic and operational processes of IT service management and develops models for the management of software projects based on research results
- Large selection of computer science courses
- offered by lecturers from Faculty 03 (Mathematics & Computer Science)
- three modules including topics on IT Management, and specific Computer Science courses for MIS
- Module responsibility: Professors Bormann & Breiter

MIS-INF-1a
IT-Management and Data
Science

MIS-INF-2
Computer Science for
Management Information
Systems

MIS-INF-3
Special Topics in Computer
Science for Management
Information Systems

2 Study Structure and Contents

2.3 Project

- 24 CP → almost the entire workload of the third semester
- apply the fundamentals and deepen specialist knowledge
- topics of projects usually roughly specified;
exact form and methods are agreed upon in a dialog between students and lecturers
- Three options:
 - One 24 CP project
 - Two 12 CP projects
 - One 12 CP project plus two 6 CP courses with related topics
- Module responsibility: Professors Bormann & Poddig

→ *Please note: if you wish to study abroad, the 3rd semester fits best*

2 Study Structure and Contents

2.4 Course Catalog and Stud.IP

→ Online **Course Catalog**:

<https://www.uni-bremen.de/en/studies/starting-your-studies/course-catalog>

→ Faculty 07 → MIS

The screenshot shows the website's navigation bar with 'University', 'Studies', 'Research', and 'Cooperation' tabs. The 'Studies' tab is active. On the right, there are links for 'Info for', 'Quicklinks', and a search icon. Below the navigation bar, there is a 'Search for courses' button and a 'Back' button. The main content area displays 'Study Program WiSe 2023/2024' and 'Management Information Systems, M.Sc.'. Below this, there is a filter bar with options: 'Show courses: all | in english | for older adults | with sustainable development goals'. The main content area is highlighted in light blue and contains the text 'Modulbereich Management Information Systems (48 CP)' and 'Modul MIS-1 Information and Organisation (6 CP)'. At the bottom, there is a table header with three columns: 'Course number', 'Title of event', and 'Lecturer'.

Course number	Title of event	Lecturer
---------------	----------------	----------

→ Information about courses offered in the respective semester, lecture times and locations

2 Study Structure and Contents

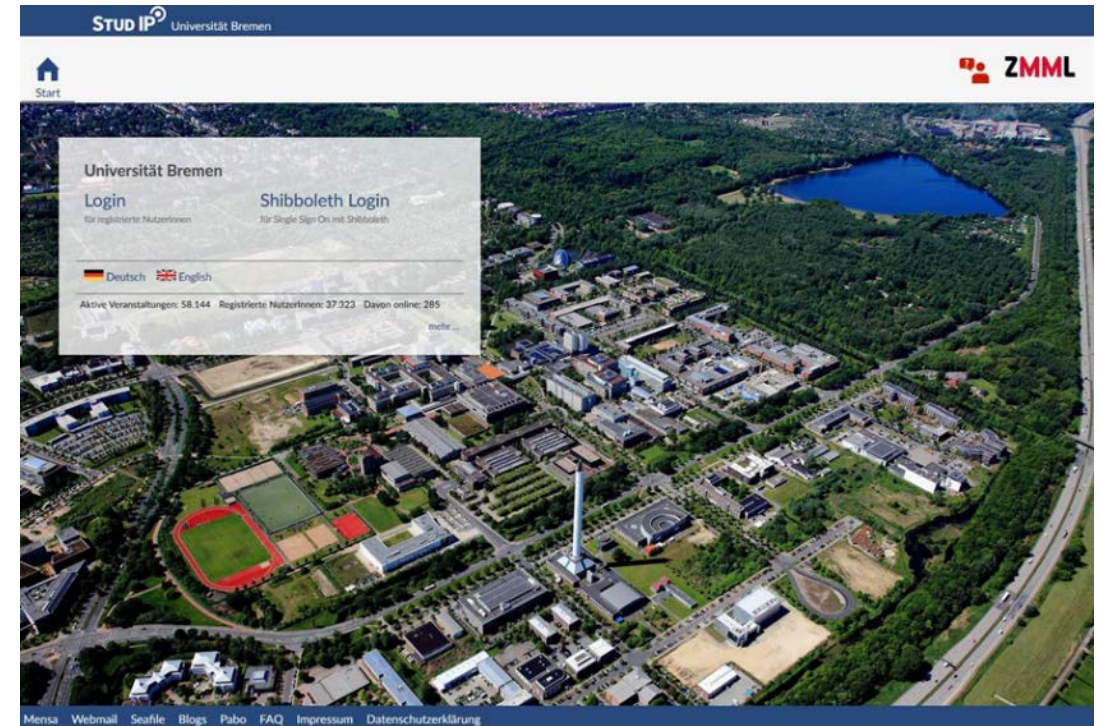

2.4 Course Catalog and Stud.IP

→ Learning platform **Stud.IP**

Infos A to Z »

PABO-Login »

Data Sheet Check »

3 Examinations

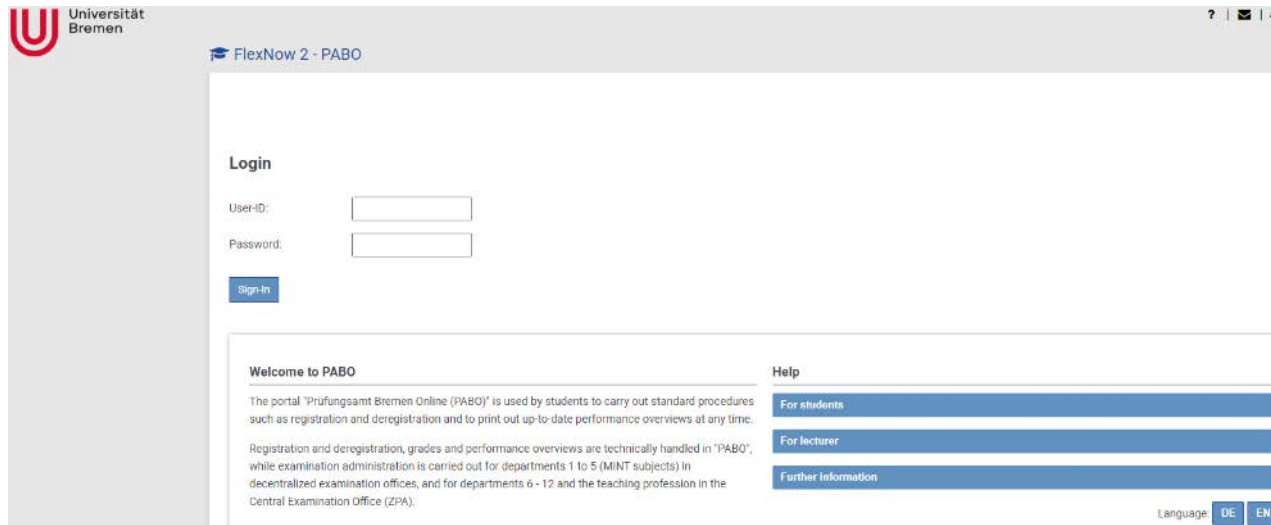

→ PABO: via the portal "Prüfungsamt Bremen Online" all standard procedures such as registration and deregistration for exams and printout of current transcripts of records are handled

→ You register for exams using the access data of your university account

<https://www.uni-bremen.de/en/zpa/infos/information-surrounding-examinations>

→ PABO Login:

<https://fn2.vwg.uni-bremen.de:8443/FN2AUTH/>

The screenshot shows the login interface for the PABO portal. At the top left is the University of Bremen logo and the text "Universität Bremen". The page title is "FlexNow 2 - PABO". The main content area is titled "Login" and contains two input fields: "User-ID:" and "Password:". Below these fields is a blue "Sign-In" button. At the bottom of the page, there is a "Welcome to PABO" section with a paragraph of text explaining the portal's purpose. To the right of this section is a "Help" section with three blue buttons: "For students", "For lecturer", and "Further information". In the bottom right corner, there is a "Language" selector with buttons for "DE" and "EN".

3 Examinations

Exam Registration:	10th of January (winter semester) 30th of June (summer semester)
Exam Deregistration :	31st of January (winter semester) 30th of June (summer semester)

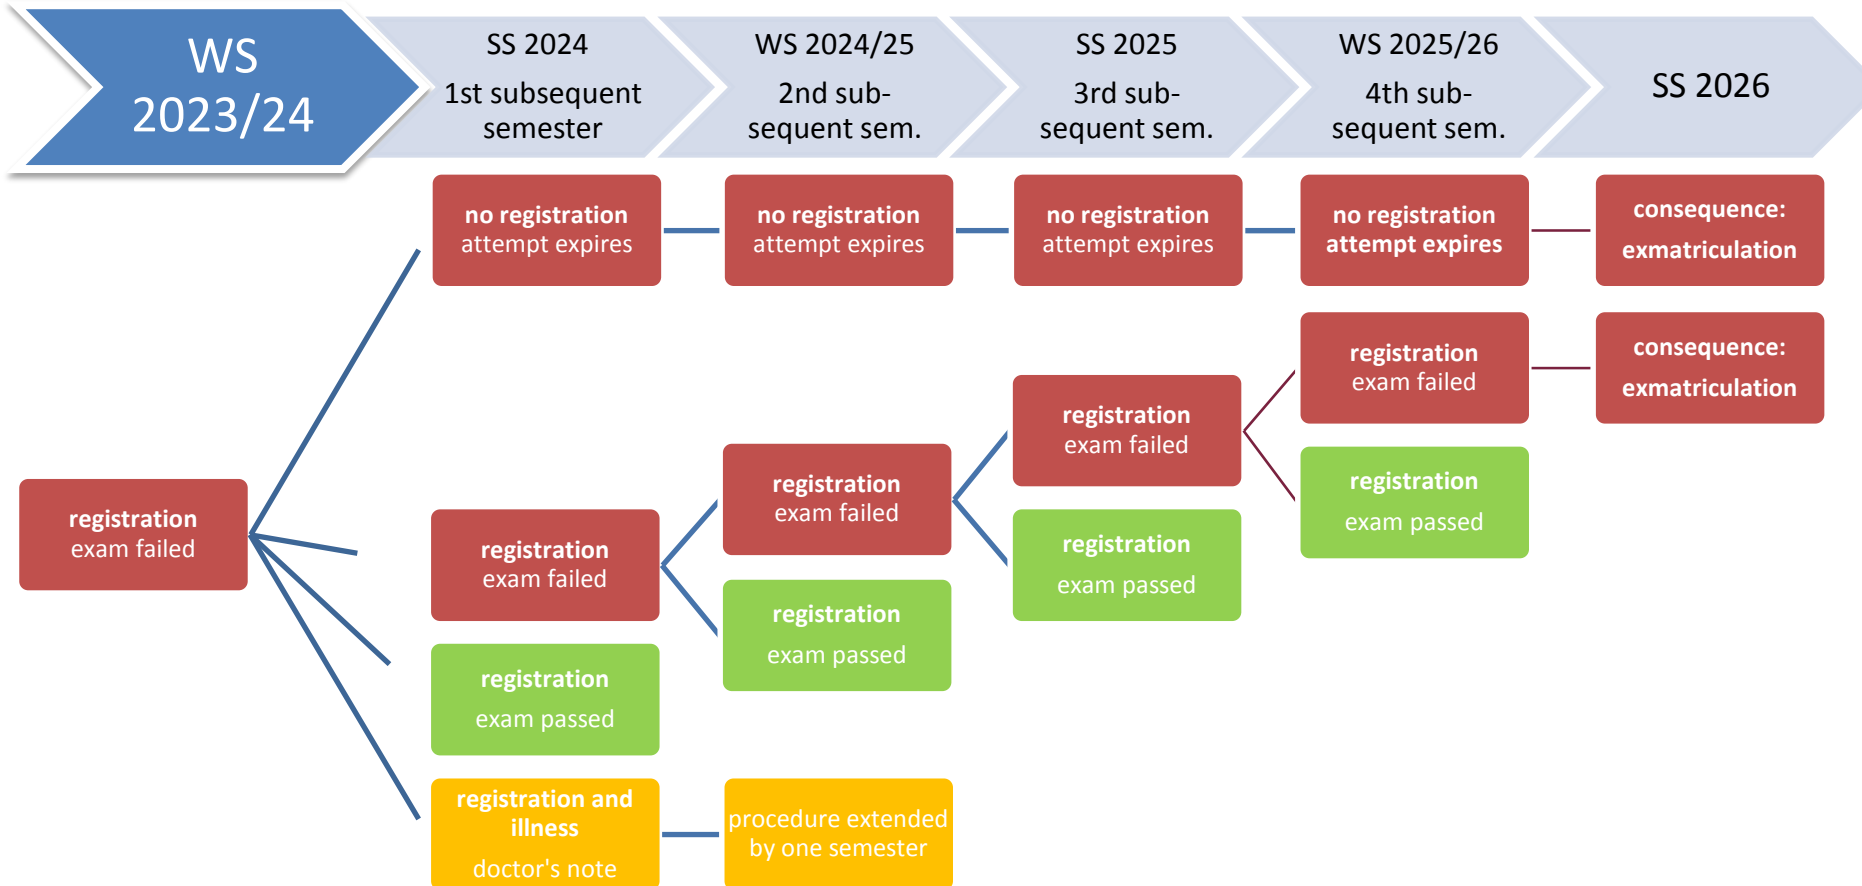

- Registration is required for **every exam**, regardless of whether it is a first or repeat attempt
- Separate registration and deregistration deadlines for **portfolio examinations** must be observed

3 Examinations

- After registration/deregistration, you will receive a confirmation email from the ZPA.
- If an exam is failed or missed for the first time, this exam must be successfully completed **within four semesters** after initial registration.
- This means that there is a **maximum of five examination attempts** available per module.

3 Examinations

Example: First-time registration / exam failed

3 Examinations

→ Written Examinations at Faculty 07:

Written examinations take place during the first three weeks following the lecture period

- 1st week: Examinations of the previous semester
→ 05–09/02/2024
- 2nd & 3rd week: examinations of the current semester (WS 23/24)
→ 12–23/02/2024

You will find the room where your exam takes place on PABO

3 Examinations

Examination Regulations

- General Part of the Master Examination Regulations (AT-MPO)
 - Information on the master's thesis, admission to examinations, failure and withdrawal from examinations, repeat examinations, recognition of examination achievements and legal remedies

- Subject-specific examination regulations MIS
 - Structure of studies, further examination regulations as well as forms of examinations, study plan

- Amendment regulations supplement the respective first full version

3 Examinations

Examination Regulations

- Publication of all examination regulations
 - official gazette: website of the ZPA

- reading version: University webpage at <https://www.uni-bremen.de/en/studies/orientation-application/offered-study-program> → MIS

4 Practice and Transfer

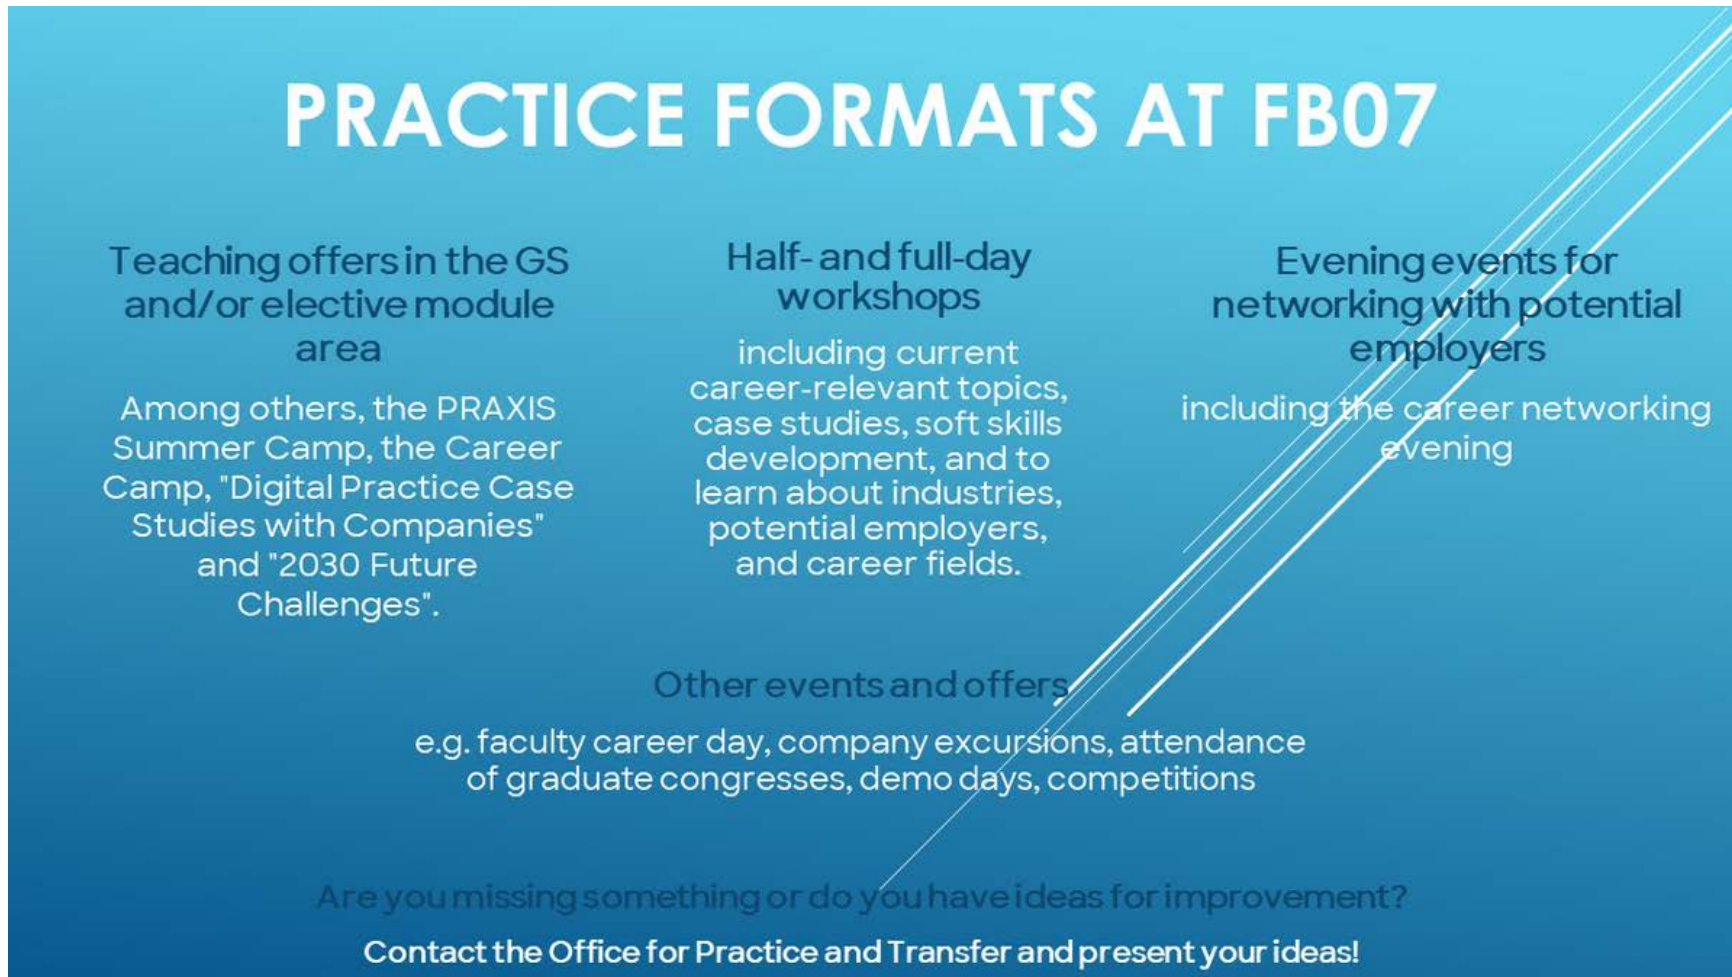

© Matej Meza/Universität Bremen

Office for Practice and Transfer

We focus on our students' career development:

- development of relevant soft skills,
- internship counselling
- From study to work: job application advice
- Networking with potential employers from various industries and company sizes
- Offer of our very own career portal (offer of internships & jobs; practice-relevant events) and
- Testing real praxis tasks, i.e. to put theoretical knowledge into practice

4 Practice and Transfer

PRACTICE FORMATS AT FB07

Teaching offers in the GS and/or elective module area

Among others, the PRAXIS Summer Camp, the Career Camp, "Digital Practice Case Studies with Companies" and "2030 Future Challenges".

Half- and full-day workshops

including current career-relevant topics, case studies, soft skills development, and to learn about industries, potential employers, and career fields.

Evening events for networking with potential employers

including the career networking evening

Other events and offers

e.g. faculty career day, company excursions, attendance of graduate congresses, demo days, competitions

Are you missing something or do you have ideas for improvement?
Contact the Office for Practice and Transfer and present your ideas!

5 Study Abroad

© Matej Meza / Universität Bremen

Office for International Affairs

We focus on our students' international experience:

- Consulting on the topic of studying abroad and possible funding opportunities
- Contact and support for outgoing and incoming students at the faculty
- Selection of applications for a semester abroad
- Arrangement of Learning Agreements
- Support with the recognition process
- Establishment of cooperations with universities worldwide

5 Study Abroad

- Preparations start one year before the planned stay
- Special visa might be required for non-German / non-European citizens
- **Info Sessions of the Office for International Affairs on Studying Abroad**

Study Abroad

Interested in a semester abroad?

Semesters abroad are not mandatory, but they do enrich your studies and your CV. This event will provide information on studying abroad, on foreign language courses, and on English language credits.

Please note: The info session is held in German. You can of course ask questions in English. If you are interested in certain topics, please check our webpage at
