

Master's Programs: Application

Online Application

Applications can be submitted online at

<https://moin.uni-bremen.de>

It is not possible to apply for several Master's degree programs at the same time.

Application Deadlines

The application deadlines for the **1st semester are listed** in the table. The application portal is open at least 6 weeks before the application deadline. The table also indicates whether the Master's program can be started in the winter or summer semester.

Advanced students can usually apply for both the winter and summer semesters. The deadline for the winter semester is identical to the deadline for first-year students and the deadline for the summer semester is 15.1. Advanced students must generally provide evidence of academic achievements amounting to 10 CP.

R = Restricted Approval

For Master's degree programs with restricted admission the number of study places is limited. The criteria for the allocation of study places are explained in the respective admission regulations.

www.uni-bremen.de/en/masterprograms

Prerequisites

- Minimum CP: this is the number of CPs from the bachelor's degree that must be proven at the time of application. The Bachelor's degree must be verified two weeks after the start of the semester.
- Language requirement: Proof can usually be provided up to two weeks after the start of the course. Language certificates in brackets must be submitted by the application deadline.
- Grades: Minimum grade in the bachelor's degree at the time of application.
- Test T: an entrance or aptitude test is required.

Double Degree DD

In Master's degree programs with a double degree, students usually acquire two international degrees. DD students must complete part of the curriculum at a foreign university.

Master of Education

The M.Ed. is the advanced degree program for Bachelor's graduates who wish to become a teacher at a public school. M.Ed. programs are offered for the following teaching professions:

- Elementary school
- Grammar school/High school
- Inclusive Education/Special education and primary school
- Inclusive Education at grammar schools/high schools
- Vocational schools for nursing and technology
